Adventure Life Journeys
DIVING INFORMATION FORM

The purpose of this form is to gain background information on your diving experience to assist the Dive Masters and Instructors at your dive destination. It is also to assist you in assessing your diving experience relating to the dive conditions you will experience on your trip.

In the Galapagos you will be diving in cold water; this means you will be wearing a thick wet suit (6mm), booties, hat & gloves. Oftentimes you will experience both surge & current when diving in the Galapagos, and visibility can also be low (under 15 feet). For the Galapagos many of the dive boats require that you have logged a minimum of 20 dives, some of these being in the past year.

In Belize the water requires a 3mm or at least a lycra skin suit – Turneffe Flats does not have any wetsuits for rent so you need to take them from home. All dive equipment rentals should be arranged from home. On your dive trip you will dive a range of sites requiring different types of dive experience – walls, drop offs, multi-level dives, drift dives and a night dive.

PASSENGER NAME : _____

DIVE DESTINATION (& BOAT) _____

CERTIFICATION AGENCY : ☐ PADI ☐ NAUI ☐ OTHER _____

CERTICATION LEVEL : _____

DATE & PLACE OF LAST DIVE : _____

NUMBER OF LOGGED DIVES : _____

HAVE YOU EVER DIVED UNDER THE FOLLOWING CONDITIONS :

Using a thick wetsuit (farmer johns, jacket 5mm+) with booties, gloves & hat?	☐ YES	☐ NO
Have you dived in surge conditions?	☐ YES	☐ NO
Have you dived in current (it is an effort to swim against the flow of water)?	☐ YES	☐ NO
Have you done wall diving?	☐ YES	☐ NO
Have you done drift diving?	☐ YES	☐ NO
Have you done deep diving (100 feet/30meters)?	☐ YES	☐ NO
Have you done a night dive?	☐ YES	☐ NO

Do you have any concerns regarding diving? _____
